19. There's No Place Like Our Place — The grand finale! The entire cast celebrates acceptance, friendship, and their chosen family.

My recommendation: Keep this as our working order for now. The next step is to add short dialogue scenes between the songs so the audience understands how Dorothy arrives, why the gang travels together, what the Witch wants, and how everything resolves.

And remember, darling: the story is about finding the courage to be yourself and discovering that family is something we can choose. 🪩🌈
